The competition was fierce in the spring of 1988 for the "Big Man On Campus" contest. The class of '89 rallied behind our candidate, Adam Caiazzo. In order to elect Adam as BMOC, our class had to have more pennies collected in a jar than any other class. At the end of the voting period, we surprised everyone with the incredible amount we had saved. Unfortunately, we did not have quite enough to beat the class of '88. But we all know that the best BMOC could only come from the class of '89!

Over the past four years, the students at Suffield High have had the opportunity to take educational excursions to Europe. In 1986-87 the students travelled to France and in 1987-88, they went to Spain.

The French students spent their ten days in Europe in Geneva, Switzerland, the French Riviera and Paris. They experienced a true taste of European beauty in the snow-capped mountains of the Swiss Alps After a one of the Swiss Alps After a one

The Spanish students visited Madrid, Toledo, Sevilla, Granada and the Costa del Sol, a beautiful region bordering the Mediterranean. The highlight of the trip was Torremolinos, where the students spent the day relaxing on the beautiful beach and conversing and dancing with Spanish students in the "discotecas" during the evening. Other points of interest on this tour included the Alhambra in Granada, the Cathedral of Sevilla and the Prado Museum in Madrid, along with the damaskeen jewelry and sword factory of

NOTES

In April of 1988, Scott Petersen and Elisabeth White spent a week in Washington, D.C. attending the Congressional Seminar Workshop sponsored by Union Carbide.

While in Washington, Scott and Elisabeth were able to experience our government first hand. They met with congressional representatives, ambassadors and aides to the President. A model session of Congress provided an opportunity for the students to develop, write and submit their own bills in the same fashion as our own Congress.

Scott thought: "The Washington workshop gave me the opportunity to see the good and bad side of Washington and politics," while Elisabeth felt that "my experience in Washington has motivated me to work towards a career in our national govern-

During the 1988-89 school year, we have been fortunate to have Paula Rocha, an exchange student from Portugal, attending Suffield Figh School. Paula is seventeen, but for her age she has lived an extremely interesting life.

Paula was born in Mozambique, Africa. She lived there for three years until she moved to Portugal. After living there for five years, her family moved to Macco, a Portuguese territory off of southern China. Just before coming to America, Paula once again moved to Portugal after eight years in Macao. Although this is not her first time in the States, Suffield's small town atmosphere is a new experience for her.

and it was an unforgettable

experience.

RANDOM NOTES

FIVE NEW FACES AT SUFFIELD HIGH

Since we first arrived as freshmen four years ago, five new faculty members have been added. We managed to catch all of them for a few minutes to let us in on their thoughts.

Starting in 1985, Mrs. Lynne McLeod became the school's new media specialist. From her experience of having "worked and lived in other parts of the country and the world" she hopes that the students "appreciate the high quality of the staff at Suffield High School."

Also in 1985 Ms. Diana Cunningham became the school's athletic director, ably replacing Mr. C in that position. Ms. Cunningham feels the school is very friendly and comfortable with a lot of caring people and good programs.

Starting in September 1988 Mr. Patrick Dougherty filled the vacancy left by Mr. Howard in the Social Studies Department. Having taught World Civilizations to sixth graders at the McAlister Middle School for many years, Mr. Dougherty thinks that "the high school is a comparative utopia."

Mrs. Cigal, at one time a tutor at Suffield High School, has returned to fill Mrs. Spaulding's long held post in Home Economics. She thinks that the "staff and administration are supportive and that they work well together."

One of the most important changes at Suffield High was the shift in administration. Mr. C undertook the position of Principal, replacing Dr. Johnson, and Mr. Ed Garvey was hired as our new vice principal. He left his job as vice principal at Southwick High and likes the similarities between the two schools. He is "impressed with the educational climate here."

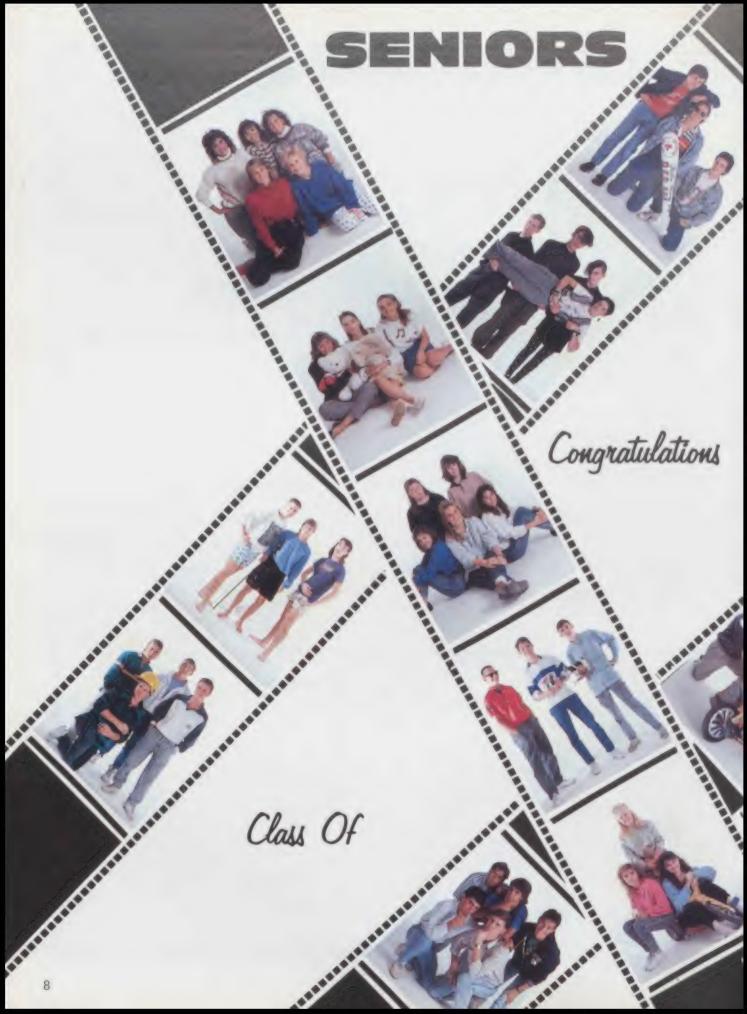

CLEARING THE AIR AT SUFFIELD HIGH

In past years students and faculty were allowed to smoke in designated areas of Suffield High School and its grounds. However, owing to the Suffield Board of Education's latest interpretation of the Connecticut statute which forbids smoking "in school, during school hours," a significant change has occurred. This new interpretation leaves nothing to be debated. It strictly prohibits students, faculty and visitors from smoking "anywhere at anytime" on school grounds.

First year Vice Principal Ed Garvey commented on the new policy saying, "I think it's going well . . . it's working out better than most people expected." Not all share Mr. Garvey's enthusiasm. One disgruntled sophomore said, "I hate it, I wish we had smoking back!" A freshman showed indifference by saying "I don't care, it doesn't apply to me." Unfortunately, this policy is complex and may not be easily understood by those students whom it affects most directly. This policy will be continual over the four year period that students attend Suffield High. Still, no matter what your opinion may be on this subject, it looks as if this new policy is here to stay at Suffield High School.

Suffield's first high school class began in September 1939. The following article is an excerpt from the Hartford Courant concerning the construction of McAlister High School. The building which we are presently in was completed in 1963 and became the "new" high school.

SCHOOL CORNERSTONE LAID

Laying of the cornerstone of the new high school was held Wednesday morning with town officials, representatives of the PWA and the building committee. school children and townspeople in attendance.

A. Ward Spaulding, chairman of the building committee, stated he believed that with the completion of the school. Suffield will offer advantages they have not known before and will fit them more adequately for life.

The cornerstone was placed in position by Mr. Spaulding, Mr. Merian and Robert Loomis

HIGH SCHOOL DEDICATION

The new Suffield High School was formally dedicated last evening with special exercises held in the auditorium of the school. Presided over by A. Ward Spaulding, Chairman of the Board of Education, Following the presentation of the program. inspection of the school was made by a large gathering.

Members of the school faculty were present and explained the layout of the school and the work and purpose of the various rooms. Senior class students served as ushers.

The school was erected at a cost of \$250,000 and was completed this fall. A P.W.A. project with the federal government furnishing a grant of \$112,500, and the town balance of \$137,500, it is one of the most modern high schools in this section of the state.

NEW HIGH SCHOOL ... LONG A TOWN NEED

The new high school now being built on the site of the old fair grounds will help Suffield solve many of the problems in education.

Many subjects which have not been offered before will be taught in this new building. Commercial courses covering work in bookkeeping, typewriting, stenography and office practice with modern equipment will meet a definite need.

A long felt need will be met by the homemaking department. Sewing and cooking will be taught. The equipment will be modern and include ags electric ranges, a refrigerator, electric irons, sewing machines and storage facilities.

For many years, students have not had a proper place to eat lunches. In the new high school, a cafeteria will accommodate the entire student body by seating 100 at a time. The lunchroom will have its own kitchen separate from the cooking classes. This cafeteria, at times, will be used for classwork in music and English.

Another department which will help the school to furnish a modern high school program is the general shop. There will be found woodworking, metal working, mechanical drawing, electrical and perhaps, printing, Wide doors will permit running an automobile or pieces of machinery into this shop for repair work. A chimney provides an outlet for a coal burning

Music and art will be taught in all grades. It is hoped that a school

orchestra may be organized.

Proper shower-baths for boys and another for girls and gymnasium facilities have been needed in Suffield for years. This new building provides ample showers and gym. Every student will, in addition to a gym locker, have a hall locker assigned. These lockers are built into the walls of the corridors and provide ample storage space for each student's personal belongings with locks to protect them.

One may take the college preparatory courses, the general course or the

business course.

Physics, chemistry, biology and general science will be taught in two rooms equipped with furnishings, hooked up hot and cold water, gas and electric outlets.

Mrs. Christian, business department chairperson, not only teaches here, but was a student as well.

Before attending the new high school she attended Suffield Academy, which served as the town's high school before the construction of the new building. Mrs. Christian recalls finding the transition easy and was "proud and happy" that Suffield now had its own school.

After graduation, Mrs. Christian attended Central Connecticut State College. Upon graduating from Central Connecticut. she returned to Suffield High School to teach. During all of her time at Suffield High, Mrs. Christian has always found sources of enjoyment.

Mr. Gowdy came to Suffield as a social studies teacher eighteen years ago after teaching in Bloomfield. He found the school "small and homey" and "it became everything I thought it would be." Mr. Gowdy sees the faculty drifting apart socially, as well as a lessening of student involvement in the school. One of the major changes Mr. Gowdy has noticed is the fact that he remembers when labels were on "the inside of clothes."

Mr. Katulka, economics and history teacher, has been at Suffield for thirteen years. Mr. Katulka feels that in the thirteen years he has been here students have become a lot less aware of what is going on around them, but also that the average high school student is more mature than students were thirteen years ago.

Mr. Thomas, a long time biology teacher at Suffield High thinks by far the most dramatic change in the science department was the move from McAlister to the new high school. Science classes moved from the "caveman era" to the twentieth century. Mr. Thomas sees less camaraderie among students, but as always, they are as friendly and just as easy to get along with.

Mr. Frank Pacocha, a music teacher at Suffield since 1961 sees students' interests becoming much more diversified in the last couple of years, but as a result "the educational system has been left trying to teach too much with less and less being mastered." After producing more than twenty of Suffield High's musicals, he gave this advice, "Never do 'Lil Abner." To illustrate this point Mr. Pacocha reminisced over the three nervous weeks of a music department filled with munching goats, geese and chickens. As for his job he had this to say, "I don't have to walk in and say two and two equals four, because in music that may not always be the case."

Mr. Michael Duni, an English teacher at Suffield High School, was also a student here as well. As a student, he thought the school was "comfortable and enjoyable." He feels teachers now are still as "overprotective" as they were back then. Yet, he believes that Suffield High School has become more aware of the student's need to cope with life's problems. Therefore, it has included within its curriculum necessary life skill objectives.

Part of your town, part of your life.

DEDICATION

It is with sincerity and gratitude that we dedicate the 1989 Sagitta to Mr. Robert Cecchini.

His willingness to listen and a genuine concern for each individual have marked his tenure as vice principal and principal and have endeared him to the students and faculty of Suffield High School. He has always been there for us - to offer words of praise and encouragement, to help us with personal problems, to keep us in line when we needed it, and to support each and every class and school activity. He is a very able, firm but fair, administrator but, more than that, he is our respected and true friend.

APPRECIATION

We would like to take this opportunity to show our appreciation to our class advisors, Mrs. Norah Lusignan and Mr. Richard Jensen. During our time at Suffield High they have unselfishly given us their time and support. We thank them for their kindness and guidance which have allowed us to become the people we are today. It is through this tribute that we hope to repay them for their love and devotion.

WHAT DO YOU THINK?

DO YOU FEEL THERE IS STUDENT ALCOHOL ABUSE IN HIGH SCHOOL? EXPLAIN.

- Age 17 In some cases it is abused when it gets in the way of responsibilities like in school.
- Age 16 No, I don't think there is too much alcohol abuse in the high school.
- Age 17 Definitely, 90% of the people I hang out with get drunk at least three times a week.
- Age 16 Yes, many students use alcohol in an abusive way, they think that it's okay. They don't realize how serious the problem is.
- Age 17 Yes, when the only thing you remember about a party is how drunk you were, I think you have a problem.

DO YOU THINK SOME DRUGS ARE "OK" TO USE INCLUDING ALCOHOL AND NICOTINE? WHICH ONES? WHY?

- Age 17 I think illegal drugs, especially marijuana and cocaine, are mind-destroying and are badly abused.

 Alcohol and nicotine are within the choice of the person.
- Age 17 Basically, you are asking me if I think it is "ok" to use two substances which have been proved both addictive and brain damaging. I'd say "no" in that I don't use them, and what others do is their own business.
- Age 17 I feel that alcohol is an acceptable drug in our society.
- Age 18 Yes, some drugs are okay if used in moderation and not abused.
- Age 17 No drugs are okay to use because they all inhibit normal human functioning and cause tremendous problems in society.
- Age 17 Yes, anything that makes you feel better without harming other people is okay.

HOW DO YOU FEEL ABOUT THE LEGALIZATION OF DRUGS?

- AGE 16: I think if drugs were legal people wouldn't use them as much.
- AGE 18: Drugs should stay illegal. These days drugs seem so accepted. People lose moral values and their sense of being because of drugs. It doesn't make them useful, just vegetables.
- AGE 17: I don't think drugs should be legalized. What would America become? Everyone would be high all the time.
- AGE 17: I think it would lower the crime rate.
- AGE 17: I think the majority should be legalized in order to cut down on the number of drug lords.

HOW DO YOU FEEL ABOUT AIDS? WHAT DO YOU THINK ABOUT STUDENTS WITH AIDS ATTENDING SCHOOL?

- Age 14 I think students with AIDS have a right to attend public schools if they wish.
- Age 18 I believe that AIDS is a serious threat and we should be more educated about it and I really can't comment about an AIDS student attending school because I don't know enough about it.
- Age 18 If a child has AIDS, he is still a person. He has a right that entitles him to an education.
- Age 17 I strongly believe that students with AIDS should not be allowed in school, not only for the other students' sake, but for their own.
- Age 15 If anyone has AIDS in school they should be put somewhere else, where they are not near anyone.

DO YOU BELIEVE THAT CAPITAL PUNISHMENT IS A NECESSARY DETERRENT TO CRIME? WHY?

- Age 17 No, what happens if ten years later the person that was killed was proven innocent?
- Age 17 Yes, because I think if they have laws enforced, criminals would think twice about committing a serious crime.
- Age 17 Yes, if some person kills someone, then kill them.
- Age 17 Yes, it wouldn't be fair if someone killed someone and got to keep their own life.
- Age 15 Yes, the laws and other sentences are not working.
- Age 18 Yes, if the crime is serious enough there is no sense in keeping that person around and taking up space in the jails.

WHAT WOULD YOU DO IF YOUR BEST FRIEND TOLD YOU HE/SHE WERE A HOMOSEXUAL?

- AGE 17: I would be slightly shocked at first, but if the person has been my friend then I couldn't all of a sudden shun him.
- AGE 17: I wouldn't really mind as long as they don't try anything on me. I would accept them for who they are.
- AGE 15: No, I wouldn't talk to that person anymore but I would not humiliate him in front of others.
- AGE 16: I would probably shun them. I think homosexuality is wrong. I would not be able to accept the fact.
- AGE 15: Even though people are homosexual they are people too and shouldn't be treated any different.

CLASS HISTORY

High School. The four years that every middle school student looks forward to as "the best years of your life." On that early September morning in 1985, we boarded the big yellow school bus with butterflies in our stomachs and high hopes for the year to come.

As Freshmen, we reluctantly accepted our status as lowly underclassmen. No matter how hard we tried, we could not seem to generate any class spirit. As a result, our first fundraiser, the jacket sale, was a flop. Due to our overwhelming lack of enthusiasm, we came in last in Spirit Night. Holding our heads high, and refusing to give up, we chalked our first year at SHS up to experience.

CLASS HISTORY

With the summer behind us, our sophomore year brought us some confidence. Our ring sale was a big success and due to dances and car washes, our class treasury was growing. Our weeks were filled with afterschool sports and studying, while our weekends were concentrated on malls, McDonald's and movies. Our class somewhat redeemed itself by coming in first in the spirit night Jello-sucking contest and we moved up a notch to come in third overall. Although our second year at SHS was an improvement over the first one, restless and unsatisfied, we were ready for more.

At last, we were juniors, the next best position in school. Although we had colleges and SAT's on our minds, our first priority was partying. Cruising the streets of Suffield with our newly-obtained licenses, our weekends were no longer spent in boredom. We were easily entertained as we jumped from parking lot to parking lot in search of something to do. Our weeks were filled with

preparations for the first ever Junior Semi-Formal, "A Mid-Winter's Night Dream." It turned out to be a great success both financially and socially. Our next effort was the prom. The theme "This Is the Time to Remember" was suitable because the prom and the next day lived up to our expectations. With the spring came the realization that in a couple of months we would take over the coveted role as SHS's Seniors.

TAYLOR DEUPREE

FINALLY!! We, the Class of '89, were Seniors. As we entered school in the fall of '88, it was apparent that many of us had acquired the disease commonly diagnosed as "senioritis." We were soon brought down to earth, however, with the knowledge that college wasn't so far away anymore. Pressure mounted as applications had to be filled out and sent away, and the anticipation of waiting for acceptance overwhelmed us. Caught between the present and the future, we relieved our stress by going out and having a good time. We could always count on finding a group of friends hanging out at the A+P, or the Food Bag.

With the arrival of the cold winter months we embarked on our next class activity — Spirit Night. Our class really pulled together and put forth an awesome effort. Once again we sucked our way to victory and became the ruling Jello Sucking champs of Suffield High. With the warmer months came the long awaited Senior Banquet, Class Trip, Senior Prom and lastly, Graduation. On that June day we bade our friends goodbye with tears in our eyes and hopes in our hearts for a bright future.

To laugh is to risk appearing the fool.

To weep is to risk appearing sentimental.

To reach for another is to risk involvement.

To expose your feelings is to risk exposing your true

To place your ideas, your dreams, before a crowd is to risk their loss.

To love is to risk not being loved in return,

To live is to risk dving.

To believe is to risk despair.

To try is to risk failure.

But risks must be taken, because the greatest hazard in life is to risk nothing.

The people who risk nothing, do nothing, have nothing, are nothing.

They may avoid suffering and sorrow, but they cannot learn, feel, change, grow, love, live.

Chained by their attitudes they are slaves, they have forfeited their freedom.

Only a person who risks is free.

CLASS PROPHECY

On a sunny day in May of 1999 ELISABETH WHITE and STEPH-ANIE ESTEE, co-chairpersons of the Suffield High Class of '89 Reunion Organization Committee (SHCO89ROC), begin planning for Suffield High School's class of '89 ten year reunion. Unfortunately, designated class accountants KRISTI MESSENGER and BETH BEN-SON realize the class of '89, as usual, has NO MONEY. Luckily, demolition millionaire JOE EGOLF learns of the dilemma from his executive secretary MICHELLE LEBLANC, and offers his Colorado estate for the site of the reunion. Because his wife and children will be away for the holiday, New Year's Eve 1999 is selected as the date. Right away CBS Evening News anchor persons DAVID LEE and ANDY WALTER, report the story on national television in the hopes of increasing class involvement. Immediately, following this, JEN-NIFER CALLENDER and KRIS REMINGTON send out invitations to all the class members as advertising agents JIM HOAR and WILLIE VILOTA publicize the event.

Preparations for the party begin as famous interior designer KA-REN GORDON heads the remodeling committee, while architects JIM PHILIPPON, PAULA ROCHA, AARON WIKIERA and DAVID STRAITE, design a party loft. Artists CHRIS JOHNSTON, SHARON REMINGTON, and ELIZABETH HOLLEY decorate the loft with some of their works from the Metropolitan Museum of Art. Meanwhile, floral arranger KATHY PERNIGOTTI, handles the flowers. Landscaping expert KEVIN SEGER is on hand to sculpt Joe's shrubbery

into a "WELCOME BACK '89" sign.

While the house is being prepared, travel agent JULIE WALLISON arranges transportation to Denver for 1989 class members. A problem arises however, as dairy farmer JEANNETTE DUPEE is unable to locate an airport in her home state of North Dakota. Wallison sends pilot KARL KAMPFMANN to pick up Jeannette, while pilot LISA CODY jets to Berlin to pick up world famous scientists PETER HOLLINGSHEAD and MATT GRAY who are attending a conference.

December 31, 1999 finally arrives, and class of '89 members are anxious for the party to begin. Bartender RICH ALEXA starts off the evening by getting the house going with some drinks. The band, consisting of GAIL TERRY, PAULA CORTIS, IEN STONE, IASON FABI. TAYLOR DEUPREE. IOE FALATICO, and TONY FALATICO get the party swinging. After socializing, the guests begin to get hungry. Beverly Hill's Hotel manager CHRIS MILLICK heads the caterina crew consisting of ERIN BEECHER and NICOLE AYOTTE, who are on hand to prepare a delicious dinner. Also for dinner the class of '89 members enjoy world famous "Cyr Oven Stuffer Roaster Chickens," farmed and produced by ALVIN CYR. After a fine meal, it's time to dance. Class of '89 members flood onto the dance floor. However, nobody outdoes TRACEY DEVRIES and ELLIOTT GARNER as they shake up the party.

Suddenly panic overwhelms the guests as the early return of Joey's kids threatens to bring a premature close to the reunion. Fortunately, day care experts KELLY HIXON, CHRISTINE MURRAY, and KRISTA KEENAN plus child psychologist TRACEY SMITH are present to handle Joey's nine children.

Some of the famous 1989 Suffield High School graduates include: novelists DAVID GRABOWSKI, EILEEN O'NEILL; noted author and philosopher GREG BUT-LER; Broadway actress DEBBIE O'LEARY; international soccer star MIKE DEANGELLIS; world famous computer entrepreneur RANDY JOHNSON; U.S. Olympic horse trainer JULIE MORIN; stand up comedian DOUG LATHROP; and WALT WOSKO and PAM COATTI famed members of the Quagliaroli Racing Team, owned and headed by DAVID QUAGLIAROLI. These and other class members mingle, as business consultants MARK BLAKE, JEN ROARK, KEVIN BELLMORE, SARAH MAKOSKI and JOHN MARIANO speak with tobacco tycoon DAVE SIKORA. At the same time, teachers BECKY SIMMONIAN, MEREDITH LEMKE, KEVIN WRIGHT, and drug therapist ARRISA GROUS converse with veterinarians KRISTEN BAR-RETT, HEIDI WEBBAR, and COLLEEN HARAGHEY.

As the night continues, the party is flawless until six terrorists, led by political activist MAURA DECHESSER breaks it up. U.N. Interpreter LISA TODARO announces that the fiends wish to kidnap U.S. Senator SCOTT PETERSEN, and U.S. Ambassador Elisabeth White. Psychologists SUE CLARK, AMY GLYNN, AMY MASON, and MICHELLE SPENCER attempt to dissuade Scott and Elisabeth's captors from finishing their dastardly deed. It is of no avail, however, as the terrorists not only take Scott and Elisabeth, but leave a time bomb and sabotage the elevator, the only way out of the loftlll TRAVIS VINCENT, elevator technician, and DAVID LINGENFELTER, mechanical engineer, spring into action attempting to repair the elevator. Scientists ERICA RUBENSTEIN and RICK NEWHALL begin diffusing the elaborate time bomb. The elevator is repaired, and the time bomb is diffused with just two seconds remaining on the timer.

Joe quickly assembles a group of men to pursue the terrorists. He is joined by Scott's body guard and F.B.I. agent SCOTT WORCESTER, professional hockey players DAN LOWNDS, and ADAM CAIAZZO, professional basketball players MIKE COG-GINS, SEAN CASEY, and ELLIOTT GARNER, and professional golfer GREG HYNES. The terrorists are captured and Scott and Elisabeth are safely returned to Joe's estate. Unfortunately, Greg Hynes and Scott Worcester suffer from minor injuries in disarming the terrorists. Doctors PAULINE LEBLANC, MATT LINCOLN, MICHELLE LAVOIE, PAUL HOPWELL, SUZANNE WHITE, LONG, KATHY GALLAGHER, physical therapist KATHY MUSKA. and nurse SHARON SMITH care for them while journalists flood the scene. "Rolling Stone" writer MARCUS RUSSELL and photographer RANDY PRICE interview Scott and Elizabeth. Meanwhile, newspaper reporters SUE CRANE, TRACEY STEINKA and KRISTIE KREPS interview the rescuers as CHRISTOPHER PATSCH photographs them.

After the reporters disperse, the party resumes. Midnight finally arrives, as BERT RICHARDSON, JOHN MARKOWSKI, JIM VARHOLAK, and JAY TWEEDALE lead the festive cheers which ring in the NEW CENTURY. A rousing rendition of "Auld Lang Syne" is then led by TOM KOTOWSKI, SCOTT DILLOW, BILLY PELLITIER, KARL PORCELLO, PETER BOUDREAU, DARRELL CELINO, DALE YOUNG, AMY DINEEN, LISA DAMIEN and BEV LAFLAMME. With the reunion now in full swing, a loud siren is heard, and is followed by a knock at the door. As usual, the police continue their tradition of breaking up class of '89 parties just as

they peak. But such is life ...

SPRING

BASEBALL

Boys' Varsity Baseball

The many questions which faced a squad of only four returning veterans, 10 former J.V. players, and a new coach were soon answered as the varsity baseball team jumped off to a quick 4-0 start, Probably the #1 offensive machine in the NCCC, the team's batting average hovered around .350 for the entire season. Finishing in a tie for second in the NCCC with a 12-7 record, the team was seeded 16th in the state tournament. Winning their first playoff game 7-3, the Wildcats met the #1 Class M seed, Notre Dame High School of Fairfield, and lost 6-5 in a very exciting game. Overall it was a tremendously satisfying season for all concerned with great expectations for the following year. Scott Gilbert and Tim Gifford were selected as Most Improved Players, and Sean Stone and Dave Humiston were both the Most Valuable Players and NCCC All-Stars.

GIRLS VARSITY SOFTBALL

Girls' Varsity Softball

The girls' softball team ended the season with a 5-12 record, beating East Windsor twice, a first for the team. The Wildcats were led by seniors Tracy Hartshorn — an outstanding first time catcher, Jen Sherman, our number 4 batter, Becky Leavitt — our pitcher, Jen Fleury, and Jen McKennedy. The girls were enthusiastic throughout the season and the outlook for next year is bright. Juniors Steph Estee, Jen Roark, Pam Coatti, Beth Benson, and Jen Callender with underclassmen Jen Carew, Marcy MacNayer, and Stephanie Susca will come back next season ready for the tournament!!

BOYS' TENNIS

During this season we were hoping to improve our record from the previous year. Although we were only 3-13, we were very competitive. We were led by our four top singles players: Jay Bombard. Dave Lingenfelter, Noah Goodman, and Sean Casey. In doubles the lead was taken by a duo of Mike Coggins and Kevin Bellmore. We show much promise for next season with a strong crop of returning players. Our biggest loss was our captain and NCCC all star, Jay Bombard.

Girls' Tennis

The Girls' Tennis season began with low expectations and little hope of achieving great success. After losing our *1 and *2 players in 1987, we didn't expect to be a competitive team in our league. But after a few weeks of practice and consecutive wins, we realized that we not only had the potential to win our conference, but we had the capability. On the strength of our *1 singles player, and our doubles teams, we sailed through the season win after win. Ending up with only one loss, we went on to the conference championships where we tied for first place in the NCCC League. Even after losing six seniors and our coach this year, we expect to do great next year. The team has spirit and ability, and we are looking forward to the 89 season.

BOYS TRACK

The S.H.S. Boys' Track team had a record of 8-4 for the 1988 season. This gave the team a 4th place finish in the N.C.C.C.

The highlight of the season for the team was a second place finish in the small school division in the Manchester Invitational Meet.

Outstanding individual performances were turned in by Adam Freyler, who set school records in the shot put and discus, was named outstanding small school field athlete in the Manchester Invitational, and finished second in the discus event in the New England Championship meet. Jim Purrington was a strong performer in the hurdle events. Based on their 1988 performances, Mike DeAngelis, Peter Hollingshead, Ward Hamilton, and Matt Phelps will provide a strong nucleus for the 1989 team.

GIRLS' TRACK

The 1988 season began with a lot of injuries. The underclassmen carried the team through the first half of the season. Meets were lost along the way, but the team was always very competitive. By the second half of the season the underclassmen had gained experience and the upperclassmen had returned. This contributed to some exciting wins and included accomplishments near the end of the season. Some of these were:

Kristen Barrett, Dale Slocum, Holly Martinez and Lori O'Connor winning fourth place in the 4x100 relay in the Class S State championship meet and Pauline LeBlanc winning first place in javelin. M.V.P. was Lori O'Connor and Kristen Barrett and Pauline LeBlanc as M.I.P.'s. Seven girls also placed in the NCCC meet and three were all-conference.

NCCC CHAMPS

1988 was a very successful season for our young men, ending the season with 20 wins, 5 losses and a tie. Three of our players: Mark Purrington, Peter Horan and Greg Hynes were selected as NCCC All-Stars, and Mark Purrington was elected to the All-State team. Mark shot a second place 76 in the State Tournament. The team which played well in the tourney, finished fourth out of twenty entries. The team won its first NCCC title in 4 years after having won in '81, '82, '83, and '84; reestablishing Suffield as the team to beat in the NCCC.

GIRLS' GOLF

Ths was the first year of girls' varsity golf. It was a successful season, the team had a record of six wins and eight losses. The fact that the team consisted of four sophomores and one junior is promising for the future of the program. Kathy Horan, our *1 player and the other team members; Jen Bonini, Amy Viscomi, Kate Egan and Tracey Lengyel (our junior) all had to give strokes in almost every match. The players did an outstanding job, playing many matches in adverse weather and traveling long distances to new courses that they have never played.

BOYS VARSITY SOCCER

The Boys' Varsity Soccer Team had another admirable season under second-year coach Tom Goodman. A victory over defending Class LL Champion E. O. Smith of Storrs, in the regular season finale, highlighted the year. The Wildcats went 10-4-1 before being ousted from the state tournament by Plainville, in a penalty kick shootout.

All-Staters, Mike DeAngelis and Willie Villota, All-Conference player David Sikora, and Co-Captain Adam Caizzo led the team, as a talented senior squad provided strong support. Despite the loss of ten seniors, the Wildcats' future looks bright, with nine underclassmen returning.

The Suffield Field Hockey team played some great games this season. First I'd like to give a special "thank you" to our seniors Amy Glynn and Kathy Muska. Our captains for 1988 were Amy Glynn and Lori Casinghino. We had two All Conference NCCC players this year, our junior goalie, Lori Casinghino and junior forward Holly Martinez. We also had our goalie Lori Casinghino make All-State and Holly Martinez received an honorable mention. The Wildcats' young team will be back to leave its mark on Suffield High School in 1989. Thank you for a special season.

There were games we could and should have won this year but mistakes, inexperience, injuries, sickness and just plain bad luck conspired against us. Beyond that was stiff competition. Eleven of our thirteen losses were against tournament bound teams. Eight of those thirteen were against quarterfinal teams. The NCCC is without doubt the toughest Class S league in the state.

The key to the 1988 team was perseverance, determination and teamwork. The lessons learned this season were as valuable as those learned on an undefeated championship team. The team never gave up and we learned form our losses. Perhaps more important than any of this we had fun and ended the season with many good memories.

Following the season the team was nominated for the team sports membership by the referees of Northern Connecticut. Tri-Captain Pamela Coatti was named an NCCC all conference defender. Tri-Captains Stephanie Estee and Krsiten Barrett were named as the team's most valuable players in 1988.

Junior Sarah Walter was an easy pick as the team's most improved player. Also receiving recognition were Kerri Glynn as most valuable freshman, Jen Gloria, most valuable sophomore and Dina Leventis most valuable junior.

BOYS CROSS COUNTRY

Future Looks Bright For Wildcat Harriers

This year's Boys' Cross Country team ended its 1988 season feeling very optimistic about next year. With thirteen of seventeen runners back from this year's squad, the Wildcat runners appear to have every reason to be saying "Wait 'til next year!"

Gone will be four year veteran limmy Long and fellow seniors Pete Hollingshead, Matt Gray, and Sean Casey. All will be missed for their leadership, particularly Casey who consistently placed in Suffield's top three all season long.

Returning to anchor next year's team will be juniors Marc Morrison, a late addition to this year's pack, and Jack Mannix, this season's top runner. Along with talented sophomores Tony Bartley, Adam Mehan, Craig Blake, Brian White, Jamie Roy, Monoj Shenoy, Dan Marchitto, Ennis Addison, and Seth Beecher, and promising freshmen Tony LeBlanc and Brad Hofferberth, next year's team hopes to improve on this year's 6-11 final record.

Spirit, hard work, losses, practice, injuries, and ultimate victory are samples of the 1988 airls' cross country team. With the loss of eight graduating seniors and key injuries, our team had to work extremely hard to fill the gaps that were left. They did this with great determination and incredible enthusiasm. It was these things that made cross country special, and keep us together as a team. Everyone kept improving and achieving personal goals throughout the season. Even though we had more losses than we have had in recent years, we always looked to the future that ultimately came with a string of three victories to end the season. Credit for this must be given to our senior leadership and the ever improving underclassmen.

BOYS' GYMNASTICS

The boys' gymnastic team had a late start to the season but showed great effort from all of the members. Guy Montigetti received a bronze medal on parallel bars at the N.C.G.C. Rickey Dupre showed talent on parallel bars and on the high bar. Tyler Hall, the most talented newcomer, has the ability to go All-Around next season. Ryan Comorgan showed great dedication to the team. Freshman Dana Kling showed great talent on the floor. And last but not least Brian Ahrens, who was the strong point on rings. The team looks forward to a good season next year with the return of almost all of their members.

Pre-meet jitters

The girls' gymnastics team had a strong beginning for their 1988-89 season under the leadership of the five veterans: Meg Galleta, Jen Heintz, Becca Coleman, Candy Fleury, and Katie Welch.

Meg and Jen, both juniors whose leadership and gymnastic experiences have benefited the team greatly were elected as co-captains.

Although the team is small and young, the gymnasts exhibit excellent potential for the coming years. This years All-Around competitors (all events) were Meg, Jen, Katie, and Carla Cordi. As well as capturing the majority of the points for the team, these four gymnasts consistently won placements in meets. The teams success was a result of strong efforts by: Candy on vault, beam, and unevens; Becca on vault, beam, and floor; Christy Hefflon on beam and unevens; Jackie Long on unevens, floor, and beam; and Teresa Manzano on floor and unevens. A mid-season score of 106.05, the highest in four years, heightened expectations of qualifying for States and reinforces the potential that lies within these gymnasts.

Meg, Jen, and Carla did qualify for States.

GIRLS' VARSITY BASKETBALL

The girls' basketball team plowed through their season this year with a record of 1-15. With a very young team, the Suffield girls expect all of their players back and to be more competitive than ever. The girls played with sportsmanship, hope, and a high team spirit. Next season, the hoopsters will be ripping down those rebounds and dumping in those three pointers for a banner year.

BOYS' VARSITY BASKETBALL

The 1988-89 Varsity Basketball team was primarily a senior team with only 3 underclassmen. The pre-season polls did not prognosticate Suffield to do much this season. Surprisingly the team finished 3rd in the tough NCCC with an 11-5 record.

The team made the semi-finals of the NCCC playoffs and competed in the State tournament with an over-all record of 13-7. The team can be proud of their hustle and accomplishments on the basketball court this season.

BOYS' ICE HOCKEY

Under first year coach Mike Corrigan, the Suffield High hockey team had a difficult and exciting season. With a hard schedule and a slow start, losing many close games, the team's mid-year record was 2 and 8. They then set their sights on the state tournament. With inspiring play by many teammates, they went on a winning streak. Although they didn't make the tournament, they gave a valiant effort. Seniors Adam Caiazzo, Greg Hynes, Jason Fabi, Dan Lownds, and Walt Wosko all had good seasons. Caiazzo, the leading scorer. Lownds, and Wosko were All-State candidates. Led by next years seniors Chris Petkovich. Tim Gifford, Andy Krar, Doug Newton, Mike Kaplan, Iason Humiston, and Pat Formanek, the Wildcats should have an exciting year.

A few thoughts to take with

"I amuse a la servir le se il secto ey not a de la it is not a task to be completed, but a processor de control train ourselves once und see a und de What yesterday, is questionable today, met no exon be wrespected. Knowledge is account that we not stand still."... Cavett Roberts!

and on at-

"Mountains should be climbed with as little effort as possible and without desire. The reality of your own nature should determine the speed. If you become restless, speed up. If you become winded, slow down. You climb the mountain in an equilibrium between restlessness and exhaustion. Then, when you're no longer thinking ahead, each footstep isn't just a means to an end but a unique event in itself — This leaf has jagged edges. This rock looks loose. From this place the snow is less visible, even though closer. — These are things you should notice anyway. To live only for some future goal is shallow. For it is the sides of the mountain which sustain life, not the top. Here's where things grow. But of course, without the top you can't have any sides. It is the top of the mountain that defines the sides"... R. M. Pirsig
